1. GROUND HANDLING POLICY

1.1 Determination of the fees

Aeropuerto de Castellón S.L., as airport operator and provider of the ground handling services at Castellon Airport, shall determine and freely establish the different rates of fees and collect the fees.

The ground handling fees shall be determined and paid on the basis of requested handling services.

Aeropuerto de Castellón offers 4 options of handling services calculated on the basis of the aircraft's Maximum Take-Off Weight, seating capacity and number of rotations:

- Basic – Technical assistance
- Basic - charter and regular flights
- Full service – charter and regular flights
- Additional services

All fees indicated in this document are net fees.

VAT will be charged according to Spanish regulations in force.

1.2 Payment of the fees

When using ground handling services, the fees determined in present document and calculated in EUR shall be paid:

Forms of payment	Currency
Cash	EUR
Credit Card	EUR
Bank transfer	Prepayment

Prepayment shall take place on the basis of calculation. The operator/owner of the aircraft shall request the calculation (please refer to chapter Ground handling contacts).

Aeropuerto de Castellón S.L. shall apply discounts according with the number of operations, low complexity of the service, special destinations, etc. These discounts must be arranged between the operator and AEROCAS in their contracts following the rules described below and they will not apply if the contract forms part of an institutional tender:

Option 1: Discount of 60% (never less than 266€/turnaround):

- Signed a commitment to develop her traffic following a growth plan for 5 years in Castellon Airport.
- Initial Pax Traffic (year 1): at least 24.000 departure pax
- Final Pax Traffic (years 5): at least 50.000 departure pax

-
- Growing average more than 20% per year during the duration of such commitment.
 - Does not apply if the contract forms part of an institutional tender

Option 2: Discount of 60% (never less than 250€/turnaround)

- More than 300 operations per year
- Scale time less than or equal to 45 min
- Signed a commitment to develop her traffic more than an average of 10% per year during the duration of such commitment
- Does not apply if the contract forms part of an institutional tender

Option 3: Discount of 50% (never less than 250€/turnaround)

- More than 200 operations per year
- Scale time less than or equal to 45 min
- Signed a commitment to develop her traffic more than an average of 5% per year during the duration of such commitment
- Does not apply if the contract forms part of an institutional tender

Option 4: Discount of 33% (never less than 250€/turnaround)

- More than 100 operations per year
- Scale time less than or equal to 45 min

For option 1, option 2, option 3 and option 4 apply:

- To take advantage of the conditions of incentive pricing, the company must respect the rules established in general conditions of sales of Castellon Airport. Otherwise, the company will lose the benefit of incentive pricing and will be invoiced at the normal tariff.
- In case of the company's failure to pay, the matter will be referred to the litigation department which will send a formal notice to pay to the company. Should the company remain delinquent within the time limit (15 days), the reduced invoice will be cancelled. In such case, the company will be re-invoiced at the normal tariff. This rule will immediately and irreversibly apply.
